

15000 BTU Inverter Split Remote Control Portable Air Conditioner with Timer

The feature-packed 15000 BTU per Hour Inverter Split Remote Control Portable Air Conditioner is a large capacity split mobile air conditioner with a fully portable, indoor evaporator on castors. The inverter design can save between 30 and 50% of the energy used by conventional air conditioning units. The compact, stylish unit has a self draining evaporator through the external condensor, constructed in plastic to avoid corrosion. The outdoor unit can be positioned on the floor or wall mounted, with the supplied 3 m hose either fed through a slightly open door or window. The remote control indoor unit has castors fitted for easy mobility and an easy-to-use push button control panel, while the feature-packed remote control offers total convenience.

Features:

- Inverter unit
- 5 Modes: Auto/Hi/Lo/Dehum/Fan
- 24 Hour Control Panel Timer
- Electronic push button control panel
- Plastic condenser casing to avoid corrosion
- Fully portable indoor evaporator on castors
